Pennsylvania Rehabilitation Council (PaRC) **2023-2024 State Position Paper**

The Pennsylvania Rehabilitation Council (PaRC) is mandated by the Rehabilitation Act of 1998, as amended by Workforce Innovation and Opportunity Act (WIOA) 2014, to review, analyze, and advise the Pennsylvania Office of Vocational Rehabilitation (OVR) regarding the performance of its responsibilities, particularly those related to eligibility (including order of selection); the extent, scope and effectiveness of services provided; and the functions performed by State agencies that affect the ability of individuals with disabilities in achieving employment outcomes under Vocational Rehabilitation (VR) services. The PaRC's Legislative Committee respectfully submits, with approval by Executive Committee and/or Full Council, the following Position Paper for your review and consideration:

Sustain Full Funding for OVR Services to match all available Federal Funds

Action Requested:

- *Funding for the "Transfer to the Vocational Rehabilitation Fund" must be adequate to ensure that PA OVR has sufficient funds to be able to match all available grant funds from the Rehabilitation Services Administration. Grant funds are matched at 21.3% (state) to 78.7% (federal). Changes made to the Workforce Innovation and Opportunity Act (WIOA) in 2014 required that PA OVR reserve a minimum of 15% of its federal funds specifically for Pre-Employment Transition Services (Pre-ETS) services to students with disabilities. Having adequate funds to ensure the continued operation of both the Pre-ETS and adult VR program is essential to the financial health of the agency and its ability to provide services across its multiple programs. PaRC recommends that the VR Transfer be set at \$50M for SFY24 to ensure PA OVR has adequate funding to manage operations and provide services.*
- *Additionally, lasting impacts of the COVID-19 pandemic combined with the Great Resignation have resulted in significant changes to our economy, employment, and workforce. Full Funding of OVR will allow for the expansion of programs to maximize opportunity to support our businesses and meet workforce needs through the successful employment of people with disabilities. Furthermore, we have learned that flexibility in relation to the location of a workplace is possible for all Pennsylvanians, especially those with a disability, with so many opportunities to work remotely.*

Expedited Employment

Action Requested:

- *The PaRC recommends, through legislation or regulatory action, for the State to establish an Expedited Hiring System so that people with disabilities in Civil Service, Non-Civil Service, and State Contractor hiring positions have an alternative path to employment similar to Schedule A on the Federal level.*

Collaboration of Services for Persons with Neurological Injuries in Pennsylvania

Action Requested:

- *Collaboration is needed between all state agencies working with persons with neurological injuries to ensure that there is no break in services from in home services to employment services. Additional dedicated funding is needed for this population.*

Adequate Funding of the Office of Deaf and Hard of Hearing (ODHH)

Action Requested:

- *The PaRC agrees with the Disability Budget Coalition's recommendation as follows: To the extent feasible, increase the state appropriation for the ODHH to \$650,000; authorize ODHH to increase its staff for all its offices or its contracting, or both, at its discretion, within the increased budgetary allocation; move ODHH's budget from the Labor and Industry General Government Operations line item to a separate line item within the overall Labor and Industry budget*

PaRC supports the following regarding Centers for Independent Living (CILs)

Action Requested:

- *Line item appropriation of \$2.7 million which will enable the CILs to: maintain quality staff and a stable location, effectively deliver services that facilitate transition from nursing homes and other institutions to the community, provide assistance to those at risk of entering institutions, and facilitate transition of youth to postsecondary life (the fifth IL Core service) and provide reasonable benefits; increase the number of individuals served; and lower the cost per individual.*

Transportation

Action Requested:

- *Transportation Network Providers, like Uber and Lyft as well as all taxi service providers must be required to provide accessible vehicles on demand to people with disabilities. In addition, they should likewise be required to show that all drivers have been educated/trained on the requirements of the Pennsylvania Human Relations Act and the Americans with Disabilities Act; especially with respect to the provision of service to individuals who use service or guide dogs. The State must work with Amtrak and the Federal Government to ensure that all train stations in the Commonwealth are physically and programmatically accessible, which is not the case today. Providers of the Rural Shared Ride System should work jointly and collaboratively with Fixed Ride and Commuter Ride Systems to maximize transportation resources for individuals with disabilities. The Rural Shared Ride System should be regionalized to enable transportation*

providers to cross County lines to assist people with disabilities who use these rides to obtain, maintain, and/or regain employment.

Disability Caucus

Action Requested:

- *The PaRC encourages both the House and Senate to establish a bi-partisan and bi-cameral caucus to review and support legislation that would enable people with disabilities to have equal opportunity in all aspects of their lives and to be productive and contributing members of their communities.*

Employment First Oversight Commission (EFOC)

- *Act 36 of 2018 or the [Employment First Act](#) was enacted June 19, 2018. Employment First requires any group receiving public funding to ensure that competitive integrated employment is the main focus for education, training, or support services for anyone with a disability who is eligible to work. The Employment First Oversight Commission will establish measurable goals and objectives to guide agencies and report annual progress.*

The Pennsylvania Rehabilitation Council's Legislative and Public Awareness Committee support the following State Bills:
